

Screen ink

Multi Purpose Fabric Ink

COLOUR MIXING:

Derivan Screen Inks can be intermixed to create bright secondary and tertiary colours.

CLEAN UP:

Wash all utensils, brushes and hands with soap and water to clean up.

REMOVAL OF PAINT STAINS:

Derivan Screen Ink is made to be permanent once heat set, so suitable clothing should be worn as some staining may occur. We advise to wash stains out immediately with cold water and household soap, taking care not to spread the stain. Dry stains will need to be soaked overnight in lukewarm soapy water. Do not use hot water, chemical solvents or thinners. For more detailed instructions please visit the Matisse Derivan website on www.matisse.com.au.

ALTERNATIVE USES:

Derivan Screen Ink can also be used easily as a fabric paint by simply mixing one heaped teaspoon of salt into a 250ml jar. The salt causes the ink to become more fluid - perfect for fabric painting.

This mix can then be added to approximately 2.5 litres of water to create a vibrant fabric dye. With darker colours, more water can be used to make up to 5 litres of dye. Once you have made your mixture, just dip and remove garments for a bright, colourful finish. Once dry heat fix as described for screen printing.

HEALTH AND SAFETY:

Derivan Screen Inks are a non-toxic water-based acrylic ink containing water, pigment and acrylic. Although it is certainly not made to be ingested, it is safe for use with children. For further safety information please download the Material Safety Data Sheet from our website at www.matisse.com.au.

ABOUT US

Matisse Derivan have created a large range of paints suitable for all artists from preschoolers to professionals, and to suit many creative interests in between. The Matisse Derivan range encompasses not only the finest artist acrylic colours and mediums, but also includes industry leading, safe, children friendly paints such as Brush & Finger

Paint, Face & Body Paint, and Kindyglitz - Australia's most popular glitter glue. Water-based alternatives have also been developed for block printing ink and screen printing ink - allowing educators, parents and artists to work safely.

More recently Matisse Derivan has expanded their range with vibrant acrylic inks, and specialty miniature and model paints and are looking towards the future with new products being developed continually.

As part of the company's 'community and social responsibility policy' Matisse Derivan provide work to several disabled staff as well as providing support to schools, art schools and charities all over Australia.

Matisse Derivan is proud to use raw materials sourced from Australia whenever possible.
